Paving & Decking Supports and Walkway Tiles	58

Payment Home (UK) Strictly nett monthly account.

Payment Export in sterling on shipment of goods.

Minimum Order Value £15 nett.

Customers exceeding these terms are charged at our bank base – rate plus 10%.

Carriage: Delivery paid on orders in excess of £150 nett (except tile, boiler and direct to site deliveries, non mainland UK and Scottish Highlands).

Carriage will be charged as follows:

- Normal - £15
- Next Day by 10.30am - £50
- Saturday - Not Available
- Direct to site - £30
- For tile deliveries, if less than 35m² £50 carriage.
- For boiler deliveries GRU30, GRU 50, GRU119, 119HR, 229HR and 229MR £150. All other boilers £50 carriage (excepting GRU19).

Delivery - Whilst we do our utmost to execute every order quickly, we cannot accept responsibility for any direct or indirect loss which may arise if the delivery is delayed as a result of strikes, lock-outs, non-delivery of materials by any other manufacturer, delays caused by carrier, non-payment of any outstanding accounts, or any other unforeseen circumstances.

Damage/Loss - We do not accept any responsibility for any damage or loss during transit unless the carriers or ourselves are notified in writing within 24 hours of receipt of invoice.

Exports - All prices are ex-works with packing cases chargeable at cost.

Title - Title to goods supplied only passes from the company on receipt of payment and all outstanding monies.

Value Added Tax - All prices are subject to VAT, added to invoices at the rate prevailing on the date of despatch.

Consequential Loss - CMS Tools Limited accept no consequential loss claims exceeding the nett value of the product supplied.

Returns & Faulty Goods - Goods will only be replaced FOC if they are faulty in manufacture - Only CMS Tools Ltd can determine whether goods are faulty or misused.

ROOF DRAIN 'FIBREGLASS'

eternoivica

Available in five diameters 50-75-82-90-100mm. The liquid vertical exit drain includes a fibreglass mesh for bonding, particularly with water based liquid waterproofing materials. The polypropylene flange is designed with a knurled surface on both sides to improve adhesion of liquid waterproofing materials. Small steps on the upper part of the spigot allows upper infiltration water to be captured and drip away.

ADVANTAGES:

- Wide choice: Five diameters 50-75-82-90-100mm.
- Fibreglass mesh for bonding, works well with water based liquid waterproofing materials.
- Polypropylene flange with two sided knurled surface for strong adhesion of liquid waterproofing materials.
- Small steps on upper spigot allows upper infiltration water capture and drip away.

LIQUID STRAIGHT WITH FIBREGLASS MESH

RD110PARFG	500	110	£59.67

900g chopped strand matting

ROOF DRAIN 'TPE' AND 'EPDM'

TPE (Patented)[®]

- Unique design - circular row of holes for waterproofing membrane to be torched over and blended with the membrane below.
- 2 - 3 couples of anti-infiltration rings.
- Manufactured of special compound of thermoplastic rubber.
- Highly resistant to low temperatures (cold flexibility = -40°C).
- Compatible with all bituminous waterproofing membrane.

EPDM

The new TPE roof outlets with a smooth flange have been developed as the ideal solution for the adhesion of synthetic EPDM butyl rubber and similar waterproofing membranes.

Manufactured of PVC, it is highly resistant against low temperatures (cold flexibility = -40°C) as well as perfectly compatible with any sort of PVC membrane. The flange is totally smooth for a perfect bonding to the waterproofing sheet. According to the length of 250 or 400mm, the spigot is provided with two or three couples of anti-infiltration rings.

ADVANTAGES:

- Highly resistant to low temperatures (cold flexibility up to -40°C).
- Compatible with all PVC membranes.
- Smooth flange for bonding to waterproofing sheet.
- Spigot with two or three couples of anti-infiltration rings.
- 250mm length.

OXY TURBO GAS WELDING KIT

The Oxy Turbo 90 Kit is the smallest autogenous welding system available.

It is compact, powerful and allows the end-user to make professional welding being particularly suitable for small roofing works.

The product safety is guaranteed by four flashback arrestors with double protection: one on the pressure reducer, one on the gas tap and two integrated in the handgrip.

Supplied with disposable Gas & Oxygen bottles (spares available separately) and accessories in an elegant space-saving metal trolley.

Compact and highly effective, the weight of the kit is minimal at 5kgs. A practical handle and two blocking devices for bottles make it possible to carry the set everywhere.

Includes

- Valved welding torch with standard nozzle
- Hoses with check valves
- Oxygen and turbo gas regulators
- Stella nozzle set
- Carry frame
- 2 brazing rods
- Goggles
- Spark lighter
- Instructions

LEISTER TRIAC 'AT' HOT AIR GUN

The TRIAC AT is an intelligent hot-air hand tool for welding and shrinking plastics that is suitable for on-site use. It is designed for the needs of even the most demanding professional. Every tool undergoes stringent quality checks prior to leaving the factory in Switzerland. This high-quality hot-air hand tool is equipped for all situations. Its universal areas of application are virtually unlimited. The TRIAC AT will continue to prove its merit in any weather condition and is just as effective outside as it is indoors - all during continuous operation.

Key Features

- Suitable for the work site.
- Closed loop controlled temperature.
- Open loop controlled air volume.
- Intelligent «e-Drive» operating unit.
- Ergonomic handling.
- Modern design.
- Swiss made.

ABOUT GRÜN AND GRÜN BOILERS

Grün began business in 1919 with basic bitumen pump boilers to meet the needs of roofers. Grün has since developed a comprehensive range of best in class specialised machinery and devices for flat roof construction, roof renovations and the construction sector. The products use state-of-the-art technology that is practical and user-friendly; of high quality, safe and

efficient - allowing craftsmen to work quickly, safely and reliably at all times.

Their aim is to provide contractors with efficient and safe products that reduce costs and keep people safe.

For these reasons we have re-launched our Bitumen Boiler range with these exceptional products.

SAFE RELIABLE EFFICIENT

Grün propane bitumen boilers are the product of years of experience in the manufacture of bitumen boilers. The construction and fitting of the equipment represents the latest technology:

- **Robust design** - built to withstand the rigours of building sites.
- **Heating system** - without internal heating tubes to ensure a high melting capacity using only small amounts of gas.

- **Cost efficiency** - a high degree of firing efficiency and double casing insulation is safe and clean. Both the energy-saving heating technique and the cleanliness of combustion have been confirmed by a State approved testing institution in W. Germany.
- **Modular construction** ensures easy deconstruction without any tools and exchange of parts within boilers of the same size without any problems (also reducing transporting difficulties).

GRÜN BITUMEN BOILER WITH TAP & INSULATION

ADVANTAGES:

- **Unique heating system** provides high melting capacity and efficient gas consumption.
- **Modular construction** enables easy breakdown; boiler part exchange and transport.
- **Rigid construction** and strong, long lasting steelplate for building site use.
- **Even heat distribution** with windshielded vortex beam and row burners.
- **Hand-operated burners** as standard.
- No heating tubes for easy cleaning.
- **30+ gallon capacity** can be fitted with a dial thermometer if required.
- **Automatic control** of thermostatic burner via adjustable valve to regulate gas discharge.

Code	Description	Sale Price
GRU30	33 GALLON PRIMAT 150 BITUMEN BOILER & BURNER	£2750.00
GRU50	55 GALLON PRIMAT 250 BITUMEN BOILER & BURNER	£3085.00

GRU30 PRIMAT 150 BOILER	
Capacity	approx. 150 ltr (33 gal)
Bitumen through-put	200 ltr (44 gal/h)
Max. propane consumption	approx. max. 2.5kg/h
Operating pressure	1.5 bar
Weight	136kg

GRU50 PRIMAT 250 BOILER	
Capacity	approx. 250 ltr (55 gal)
Bitumen through-put	300 ltr (66 gal/h)
Max. propane consumption	approx. max. 3.9kg/h
Operating pressure	1.5 bar
Weight	162kg

Optional thermostatic control unit and hose and regulator separate.

GRÜN ROUND BITUMEN BOILER WITH TAP

This round bitumen boiler is an especially sturdy design.

ADVANTAGES:

- **Wind shielded, manually operate propane vortex beam burner** guarantees high melting efficiency.
- **Fitted with Grün automatic thermostatic control** for regulation of the burner (upon request).
- **Automatic temperature control** of the melting material by thermometer built into the control attachment.
- **Further engineering features** include the special exhaust gas chimney, double jacket insulation, and removable tub without internal heating tubes.
- Bitumen is removed with the built-in lockable drain tap.

Code	Description	Sale Price
GRU119	119 LITRE/26 GALLON ROUND BITUMEN BOILER AND BURNER - REKORD 119	£2453.33

GRU119 REKORD 119	
Capacity	approx. 119 ltr (26 gal)
Bitumen through-put	180 ltr (40 gal/h)
Max. propane consumption	approx. max. 2.5kg/h
Operating pressure	1.5 bar
Weight	86kg

Optional thermostatic control unit and hose and regulator separate.

A similarly designed 50 gallon round boiler with throughput of 62 gallon per hour is available - pricing on request - REKORD 229.

HAND AND MECHANICAL AGITATING BOILERS

REKORD DIN 119HR, DIN 229HR and DIN 229MR

The DIN 119HR and 229HR special bitumen boilers are supplied with manual agitator incl. flame shield, excl. hose and regulator.

The DIN 229MR special bitumen boiler is supplied with electric motor agitator including flame shield, excluding hose and regulator. **With indirect heating and the agitator, these modified boilers are particularly suitable for polymer bitumen.**

Burner heat output	50 kW
Weight	200kg

SAFE RELIABLE EFFICIENT

GRÜN

GRÜN 4.2 GALLON BUCKET HEATER & BUCKET

GRÜN REKORD 19

High-performance small bitumen boilers with removable bucket.

ADVANTAGES:

- Estimated to run at 100% more efficiency than the older style boilers.
- Heating via a windshielded propane vortex beam burner.
- Construction and fitting comply with the regulations of the German Bau-Berufsgenossenschaft (construction liability insurance).
- Bucket can be easily pulled out and used as a separate bucket and replacements are sold separately.
- Can be used for safe carrying of hot melt liquids with the lid covering the bucket and pouring lid for extra safety.
- The bucket can be locked in place to the boiler base for extra safety.

Code	Description	Sale Price
GRU19	19 LITRE/4.2 GALLON SAFETY FIRST BUCKET HEATER & BUCKET (COMES WITH BURNER)	£491.67
GRU19BUCKET	BUCKET	£160.00
GRU19LID	BUCKET LID	£50.00
GRU19B	BURNER	£160.00

GRU19 REKORD 19

Capacity	approx. 19 ltr (4.2 gal)
Bitumen through-put	40 ltr (9 gal/h)
Max. propane consumption	approx. max. 0.6kg/h
Operating pressure	1.5 bar
Weight	13kg

GRÜN 11 GALLON BOILER WITH TAP & THERMOMETER

GRÜN REKORD 49

High-performance small bitumen boiler with tap of 11 gallon capacity.

ADVANTAGES:

- Estimated to run at 100% more efficiency than the older style boilers.
- Heated via windshielded propane vortex beam burner.
- Construction and fitting comply with the regulations of the German Bau-Berufsgenossenschaft (construction liability insurance).
- Features include lockable hinged lid, lockable drain cock, double jacket insulation and a dial thermometer for temperature control.
- Many safety features supporting site risk assessment and reduced liability.
- Burners are reliable and not prone to any part or complete replacement
- Tested and certified and comes with operating instructions and product liability cover.

Code	Description	Sale Price
GRU49	49 LITRE/11 GALLON BITUMEN BOILER WITH TAP - REKORD 49 (COMES WITH BURNER)	£998.34
GRU49B	BURNER FOR REKORD 49	£208.34

GRU49 REKORD 49

Capacity	approx. 49 ltr (11 gal)
Bitumen through-put	100 ltr (22 gal/h)
Max. propane consumption	approx. max. 0.6kg/h
Operating pressure	1.5 bar
Weight	49kg

GRÜN 11 GALLON TILT BOILER GRÜN KIPP 50

A small manageable boiler with lockable lid fits through almost any roof-hole and is excellently suited for repair work and small jobs as well as hot melt work.

ADVANTAGES:

- Estimated to run at 100% more efficiency than the older style boilers.
- **High powered propane** beam burner for rapid heating up period.
- Can be fitted with a dial thermometer for temperature control.
- Bitumen/Hot Melt is poured by tilting the boiler in the tilting frame.
- Many safety features supporting site risk assessment and reduced liability.
- Burners are reliable and not prone to part or complete replacement.
- Tested and certified and comes with operating instructions and product liability cover.

ROOFER RIDGE BUCKET

Designed for roofers, this hard-wearing and durable ridge bucket comes with a host of convenient features. The rigid 'V' shaped base to the bucket allows the bucket to sit on the roof ridge without risk of spillage. The heavy duty plastic and metal handle ensures that fully laden buckets are comfortably and safely transported around the roof without accident. A strong hook moulded into the rim of the bucket allows the user to hook the ridge bucket over batten and ladder rungs.

RECYCLED RUBBER GRANULAR PROMENADE TILES

SPECIFICATION

Granular rubber tiles designed for installation on roof terrace, balconys, patios and walkways, they are free draining and manufactured to exacting standards using top quality SBR granular rubber combined with polymer binders to provide an attractive anti slip protective surface.

MAINTENANCE

All tiles should be cleaned on a regular basis. All tiles contain Carbon Black which may leach and rise to the tile surface and over time fading the green tiles.

Code	Description	Sale Price
MPURE	PU TILE ADHESIVE	£6.10
GRANSPACER	TILE SPACER - 5mm	£0.15

'NM' FIXED HEAD ADJUSTABLE PAVING SUPPORT WITH BI-MATERIAL HEAD

eternoivica

An adjustable system enabling floor height adjustment after fitting.

Can be used in conjunction with any outdoor flooring.

ADVANTAGES:

- **Precision adjustment** from 25 to 935mm.
- **Easy adjustment** - refine the height once the floor is laid with exclusive adjustment key.
- **Noise-reducing** anti-slip rubber.
- **Smooth support** base of 320cm².
- **Long-lasting** - resistant to weathering, acids, UV rays and wear and tear.
- **Highly durable** - resistant to temperatures between -40° to 120°C.
- **Fully recyclable.**
- **Quick to fit** - easily removable tabs.
