# INDEPENDENT SLATE SUPPLIES

*Where quality comes naturally*

The Hastings is quarried in North Spain from one of the historic slate producing areas.

ISS has exclusivity to the Hastings within the UK, which has quickly developed a respectable reputation as a flat, clean, consistent slate.

The Hastings slate is offered in an ultra, a prime and a heavy with the first being one of the best slates within the UK market today.

It's a light grey slate with no visible pyrites. The slate offers a textured face with neatly dressed edges.

The Hastings comes in an ultra 5-6mm, a prime 6-7mm, or a heavy 6-8mm, allowing it full UK coverage. It is an easily workable slate for any roofer who has the pleasure to use it.

## Test results

The Hastings slate boasts a W-1, T-1, S-1 rating, meaning it conforms and surpasses all the top UK tests for water absorption, thermal cycle resistance and sulphur dioxide exposure.

If further technical information is required ISS hold the declaration of performance (DOP) for the Hastings which can be provided upon request.
