

PRODUCT DATA SHEET

EVERBUILD STICK2[®] All Purpose Clear Adhesive

STRONG, QUICK DRYING ALL PURPOSE CLEAR ADHESIVE

PRODUCT DESCRIPTION

EVERBUILD STICK2[®] All Purpose Clear Adhesive is a strong, clear, quick drying adhesive suitable for a variety of household repairs and hobby uses, and will stick to a variety of materials.

USES

Stick ceramic, porcelain, wood, card, paper, most plastics, leather, cork, linoleum, rubber, stone, glass, metals and dense fabrics

CHARACTERISTICS / ADVANTAGES

- Strong adhesion
- Quick drying
- 5 minutes repositionable

PRODUCT INFORMATION

Packaging	30ml tube
Colour	Clear
Shelf Life	3 years from date of manufacture in original unopened tubes.
Storage Conditions	Store between 5 and 25°C in dry conditions away from sources of ignition.

APPLICATION INSTRUCTIONS

Always open and use this product over a protected work surface.

Surfaces to be bonded must be clean, dry and free from dust. Use only in well ventilated areas.

POROUS SURFACES (fabrics, ceramics etc): Unscrew cap and spread a thin even layer of adhesive onto one surface. Press two surfaces together firmly.

NON POROUS SURFACES (plastics, metals etc): Improve adhesion by abrading **both** surfaces with sandpaper. Unscrew cap and spread a thin even layer of adhesive onto both surfaces. Allow adhesive to dry to a tough tacky finish (about 5-10 mins) then press both surfaces together firmly.

In both cases, full strength is obtained after 24 hours at 20°C.

Replace cap immediately after use to keep adhesive usable.

CLEANING OF TOOLS

Clean tools etc with acetone or nail varnish remover, protecting surrounding surfaces.

LIMITATIONS

- Will not stick polyethylene, polypropylene or PTFE.
- Not suitable for bonding acetate, rayon or items which hold hot liquids.
- Do not use near polished or some painted surfaces.
- Do not use in areas subject to continuous water immersion.
- Do not use on bitumen, asphalt or cellulose painted surfaces.

- Do not use as a mirror adhesive as the product may attack the mirror backing.
- Do not use below 5°C.
- As the manufacturer cannot know all the uses its products may be put to, it is the users responsibility to determine suitability of use. If in doubt, contact Technical Services Department for advice.

VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for the exact product data and uses.

ECOLOGY, HEALTH AND SAFETY

Consult MSDS

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
